

# Linux Plumbers Conference 2018

## Thursday 15 November 2018

### Power Management and Energy-awareness MC - Junior/Ballroom-AB (09:00-12:30)

time	[id] title	presenter
09:00	[177] Energy-aware scheduling	EGGEMANN, Dietmar PERRET, Quentin
09:25	[178] Expressing per-task/per-cgroup performance hints	RASMUSSEN, Morten BELLASI, Patrick
09:50	[182] Towards improved selection of CPU idle states	WYSOCKI, Rafael
10:10	[180] Generic power domains (genpd) framework improvements	HANSSON, Ulf
10:30	Break	
10:55	[181] Firmware interfaces for power management vs direct control of resources	HOLLA, Sudeep
11:20	[184] Runtime power sharing among CPUs, GPUs and others	PANDRUVADA, Srinivas
11:45	[179] Runtime PM timer granularity issue	GUITTOT, Vincent
12:05	[183] On-chip Interconnect API Proposal	GUITTOT, Vincent
